## Profile

Please answer the following **FIVE** questions in the spaces provided, keeping to the stipulated word limit for each one. There is no need to supply any additional information, documentation or photos. A separate sheet may be utilised, kindly attach it securely with suitable identification showing which question is being answered and the community name.

**1. Community – tell us about your organisation, activities and events that contribute most to your community today. Approximately how many people volunteer to help run your organisation? How does your organisation seek to achieve a sense of community? (300 words maximum).**

**2. Businesses and Services – tell us about the local businesses and services that your organisation provides and the ways in which they contribute to outdoor community life? (200 words maximum).**

**3. Environment – tell us about any activities to protect the environment and make your community more sustainable. Is there any interest in renewable energy schemes? (200 words maximum).**

**4. Change and the Future –Have there been any particular developments or new opportunities in the past year (since April 2015)? How is your community responding to change? What are the major issues – e.g. broadband, transport? Tell us how you consult local residents about the future and about any community projects currently in progress (300 words maximum).**

**5. A Special Place – if you met someone considering moving into your community, what would you say makes it special and why is it such a good place to live in? (300 words maximum).**

**Improvements.**

**Please list any particular improvements that have been made in the past 12 months .**

**Please list any detrimental features in the community that are outside your control. Note comments in Entry Guidelines.**

**Please send your entry form to:
